Important Information Regarding Halal Options. We offer a wide range of dishes made using halal meat and ensure that alcohol is not included in their recipes. You can easily identify these dishes on our full menu as they are marked with a small green moon symbol. However, it is important to note that we do not have separate areas in our kitchens to exclusively handle halal dishes due to space restrictions. While we take extensive measures to separate ingredients and thoroughly clean all areas and equipment, we cannot guarantee that our menu will be suitable for individuals who strictly follow a halal diet. Our kitchens also handle non-halal meat, including pork products, which are culturally significant in Chinese cuisine. Consequently, it is challenging to completely eliminate the risk of cross-contamination. In addition to our halal meat options, we also have an extensive range of vegan, vegetarian, and pescatarian dishes available. We understand the importance of catering to different dietary preferences and are committed to providing a variety of choices for all our customers. We prioritize transparency and want to provide you with accurate information to make an informed decision about our offerings. Please consider these factors when selecting your meal.
