(H) denotes items made with Halal meat  
al - contains non-halal alcohol ingredient

**ALLERGIES AND INTOLLERANCES**

Although we separate ingredients and clean down all work areas and equipment, the presence of allergenic ingredients in our kitchens means we cannot guarantee any of our dishes are free of those allergens. Furthermore, due to limited fryer capacity we are unable to completely separate allergens, therefore fried items have higher risk of cross contamination. If you have a severe allergy we would advise that our menu may not be suitable for you. If you have any questions at all please ask a team member.

If you have a food allergy or intolerance please let us know before you order. We take allergies very seriously and we work hard to provide a wide choice to fit a range of dietary needs. Our Allergen Matrix is available from our team on request and specifies allergens present by dish. Please note: all our dishes and drinks may contain traces of nuts, nut oils or egg. Please be aware: shrimp is a common ingredient used in many forms of Asian cooking.

## COELIAC - MADE WITHOUT GLUTEN

Dishes containing less than 20ppm of gluten

### IMPORTANT INFORMATION

For customer who suffer from coeliac disease or gluten intolerance

If you have coeliac disease or suffer from gluten intolerance, we urge you to carefully review the following information before placing your order. Your health and safety are of paramount importance to us.

All the products marked as GF on our menus, undergo rigorous laboratory tests to guarantee their gluten content.

All the items marked as GF on our menus, have satisfactory test results showing that they contain 20ppm (mg/kg) or less of gluten.

Gluten is a protein found in wheat, consisting of fibre, starch, and protein.

Gluten protein can be separated from wheat by using a chemical method to create wheat starch and wheat starch is what we use to make the pastry for some of our dim sum products.

As per current regulations, for food to be classified as gluten-free, it must contain 20ppm (mg/kg) or less of gluten.

For more details, you can refer to the following links from the Food Standards Agency and Coeliac UK:

**Food Standards Agency:**  
<https://www.food.gov.uk/business-guidance/allergen-guidance-for-food-businesses>

**Coeliac UK:**  
<https://www.coeliac.org.uk/information-and-support/living-gluten-free/the-gluten-free-diet/food-shopping/law-on-gluten-free/>

Please note that allergens disclaimer is present on all our menus, as well as on our website under the section: "Allergies & Intolerances".

### Allergies & Intolerances

Although we separate ingredients and clean down all work areas and equipment, the presence of allergenic ingredients in our kitchens means we cannot guarantee any of our dishes are free of those allergens. Furthermore, due to limited fryer capacity, we are unable to completely separate allergens, therefore fried items have higher risk of cross contamination. If you have a severe allergy, we would advise our menu may not be suitable for you. If you have any questions at all, please speak to a member of our team.
